Navy Divers Remove Dead From Gondola Of Lost Blimp

Divers started bring up today the bodies of crewmen killed when a blimp crashed and sank 15 miles off the New Jersey coast, the Associated Press reported from Lakehurst, N. J.

The body of ASM-2 Fred A. Furney, 21, son of Mr. and Mrs. Harmon Furney, Sunset Ave., had not been recovered up to early this afternoon. He continues to be listed as missing and presumed dead.

The blimp, a 403-foot giant among present day airships, buckled in flight Wednesday and crashed off Barnegat inlet. Four crewmen were picked up then, but one died later. Seventeen others were missing and presumed dead.

The first body recovered from 55 feet of water at 9:15 a.m. was that of Henry V. Godbold, an airman, of Conway, S.C.

More Bodies Brought Up
Two others were brought up from the gondola of the sunken blimp in the next hour and a half. They were Steve B. Thompson, machinist mate third class, of Rt. 7, Box 28, Spartansburg, S.C., and Lt. (J.G.) Richard V. Hall, of Beachwood, N. J.

The USS Salvager, a navy salvage lifting vessel, arrived at the scene from New York Thursday night and took over on the scene command of the salvage operations from the destroyer McGowan.

Throughout the night, divers descended into the 55-foot deep water as searchlights played on the scene.

Seeking Cause
The other three ZPG-3W type blimps in Navy service were grounded today by the command, Naval Air Forces Atlantic Fleet, located in Norfolk, Va., pending a determination of the cause of the crash.

His order was a formality. The commander of the group to which the ill-fated blimp belonged has kept her sister ships on the ground since the crash. All three are based at the Naval Air Station here.

Parts of the blimp were brought to the surface Thursday night. They included a piece of the port engine, the top engine cowling and the mount which supported the engine outside the gondola.

Wife Waits Anxiously
Mrs. Freda Furney anxiously sits at her home today in Toms River, N. J., awaiting news of the fate of her husband, Aviation Metalsmith Second Class Frederick A. Furney.

Both Mr. and Mrs. Furney are natives of Adams County. Mrs. Furney is the daughter of Mr. and Mrs. Lester G. Warner, formerly of Biglerville, now of Mechanicsburg, Pa.

The young mother of a little girl, Andrea, who will be two years old in October, last saw her husband early Wednesday morning when he left the house to report for duty at Lakehurst, N. J., Naval Air Station.

In Navy 4 Years
About 2:15 p.m. Wednesday word was received that the blimp, searching for a missing racing yacht, had fallen into the Atlantic Ocean. There were 21 men aboard.

Furney was graduated in 1956 from Gettysburg High School, and enlisted in the Navy in September of that year. After taking boot training at Bainbridge, Md., he was transferred to the Naval Air Station at Anacostia, in Washington, D. C. Following this, he attended school at Norman, Okla., and Memphis, Tenn., before being sent to Lakehurst.

Mrs. Furney said her husband, whom she married in 1957, has been flying with the blimp crew for more than a year.

In addition to his parents, Furney also has a younger brother, Robert, 18, at home, who was graduated in June from Gettysburg High School.

"FINGER MAN" IN BURGLARY IS ARRESTED

A 16-year-old Gettysburg R. 2 youth was picked up by state police Thursday with being the "finger man" in the burglary of McClellan's service station at Arndtsville early Tuesday morning.

Police said the local youth was released in custody of his parents pending appearance before the Adams County court. They also reported that the two Kentucky youths aided by the local boy will face a number of auto theft charges and another burglary charge in Ohio as a result of their activities since June 29.

The 15-year-old boy from Lexington, Ky., and a 16-year-old from Russell Springs, Ky., were arrested Tuesday evening by borough and state police charged with the service station robbery after local police became suspicious of their actions and began an investigation during which one of the young men ran away only to be picked up later when he sought to hitchhike out of town.

String Of Thefts
As police explained it, the two Kentuckians on June 29 stole a sedan in Lexington, Ky., and drove it to Covington. There they abandoned that car, stole another and drove to Cincinnati where they abandoned it. They stole another car and abandoned it at Cheviot, Ohio, where they burglarized a park office, then stole another and went to Cincinnati where they later stole the car in which they came to Gettysburg. State police said the FBI plans to bring charges on the various auto thefts involving the crossing of state lines, with the charges to be placed probably today.

Arriving in Gettysburg, according to state police, the youths went to the firemen's carnival where they met the Gettysburg R. 2 teen-ager. In the course of the conversation, according to police, the local youth told the Kentuckians he believed McClellan's service station could be burglarized.

"Signed" All Their Jobs
After burglarizing the service station at Arndtsville, the youths are believed to have driven to Virginia and then returned to Gettysburg where the Kentuckians were apprehended.

Police said practically all of the "loot" taken from the service station was recovered with the exception of \$35 in cash which had been spent.

Police said they found the wording "Thomas Q. Dooley Was Here" written in McClellan's service station. They said one of the Kentucky youths said that was the signature he put on "all his jobs." The same wording, according to police, was found at the park office in Cheviot, Ohio.

PHONE CO. IS READY FOR DDD HERE SUNDAY

Preparations for the introduction of Direct Distance Dialing at 3:01 o'clock Sunday morning in Gettysburg and vicinity have been completed, according to United Telephone Company District Manager John Caldwell, who said: "All that remains to be done to place the new, fast and convenient 'dial it yourself' long distance service in operation is to flick a few switches."

With the new DDD service, telephone users in the Gettysburg exchange area will be able to dial direct, without operator assistance, to any of the more than 42 million telephones on the national long distance dialing network. Although the network includes telephones in 42 states, five Canadian provinces and the District of Columbia, Gettysburg telephone patrons will use the service most frequently to call Hanover, Harrisburg, Hagerstown and New Oxford.

A list of the dialable points in Pennsylvania and many others throughout the nation has been supplied to telephone customers in a pamphlet entitled "Introducing Direct District Dialing." The pamphlet has complete instructions in how to use the new service. A few nearby points which cannot at present be reached by customer dialing are York, Chambersburg and Littlestown. To reach these and other nearby nondialable points, users will dial "9" for the Gettysburg operator.

Gives Directions
Mr. Caldwell said it is just as easy to dial a phone in a distant city as to make a local call. The most important thing, he said, is to have record of the telephone number of the party to be called, to use as a guide for smooth, accurate dialing.

The illustrate the use of the new system, Caldwell cited these examples: To call Hanover ME 4-1081, listen for dial tone as usual, dial your direct distance dialing number shown on the telephone number card, for example 1123, and dial ME 4-1081.

"To put it as briefly as possible — dial 1123, ME 4-1081. If the dialed telephone is not busy, it will begin to ring in about 24 seconds," he said.

The same procedure is followed to dial telephones in over 100 home areas.

Dialing outside the central Pennsylvania home area is just as easy, although it is necessary to (Continued On Page 3)

State police said the boys went to the rear of the Deatrick home and forced a shutter and then a window in order to gain entrance.

While the two were going through the house in search of valuables two Hunterstown residents, Robert P. Deatrick, 69, and a 15-year-old assistant, came to the house planning to cut the grass.

When they arrived they heard noises coming from the second floor of the closed house and they called state police.

DELAWARE BUS HAS LUSH TRIP

WILMINGTON, Del. (AP)—For at least one group of riders on the Delaware Bus Company's 5:12 p.m. to Chester, Pa., things will never seem quite the same.

On Wednesday's trip no fares were collected, the money meter sported a corsage, and the driver wore a carnation in his lapel. And caviar, hors d'oeuvres and other snacks and soft drinks were served to passengers. A pair of hostesses provided an extra touch of hospitality.

The purpose: "It's our way of saying to the public, 'Welcome to our new service,'" was the explanation volunteered by company Vice President Richard Bennett.

For a week passengers have been riding free on the company's buses operating between here and Chester and Darby in Pennsylvania.

Friday, however, regular rates go into effect. Delaware Bus established the week's free rides as it restored a service stopped three months ago by the Southern Pennsylvania Bus Co. because of a strike.

He was arrested by Bechtel and arraigned before Snyder today and pleaded guilty to the charges. Wolf was placed in the Adams County jail for court sentence Monday.

Finch Still Wants To Meet Carole

LOS ANGELES (AP)—Dr. R. Bernard Finch isn't giving up in his attempts to meet with Carole Tregoff.

Finch, refused by the State Supreme Court in his plea for a private conference room with no guards present, asked Thursday to meet with shapely Carole in the courtroom during noon recesses.

His attorney, Grant B. Cooper, said strategy sessions between the defendants, attorneys and witnesses are needed. The judge is considering the request.

Finch, a wealthy surgeon, and Miss Tregoff, his mistress and onetime receptionist, are on trial for the second time on charges they murdered his socialite wife last year. The first trial ended in a jury deadlock.

Movie Star Falls Off Bike Into Orchestra

WARWICK, R.I. (AP)—Movie star Ginger Rogers fell into the orchestra pit from a bicycle during a performance of "Annie Get Your Gun" at the Warwick Musical Theater Thursday night. She was unhurt.

She rode the cycle off the circular stage during the first act, landing in the lap of a musician. "I'm all right folks," she called to the audience and returned to the stage.

Apparently unsettled by the mishap, Miss Rogers almost fell from a high pedestal in the second act.

VIENNA, Austria (AP)—The United States protested to Austria Thursday that Soviet Premier Nikita Khrushchev has been allowed to use his visit to this neutral country for attacks on the United States.

Ambassador H. Freeman Matthews called on Foreign Minister Bruno Kreisky with the protest, which followed a similar one from the West German ambassador here.

MOSCOW (AP)—Tass has announced the appointment of Sergei Kudryavtsev as Soviet ambassador to Cuba. Kudryavtsev, a diplomat with most of his experience in Europe, has served in Paris, Bonn, and Vienna and with the Polish-Czechoslovak department of the Soviet ministry of foreign affairs.

CONVENTION BRIEFS

By BOB THOMAS

LOS ANGELES (AP) — Convention highlights:

Maybe it's the weather (mid-70s), but so far the Democrats don't appear to be drinking it up as expected. The Biltmore Hotel, bee hive of pre-convention activity, reports business is only "fairly good" in the three public bars and with room-service orders. No breakdown yet on whether the Bourbons prefer bourbon or scotch.

Nor are results in on the battle of the colas. Both big firms are busy here, dispensing free drinks side by side. One had pretty girls handing them out, the other a sexless machine. In an emergency move, the machines were supplemented with pretty girls. Now it's an even match. Sorry can't mention the company names. Payola.

Evidence that Sen. John F. Kennedy's camp is aiming at egghead following long loyal to Adlai E. Stevenson delegates and newsmen are gifted with paper-back copies of the Kennedy tome, "The Strategy of Peace."

Winner of the battle of the buttons: Stu Symington from the great state of Missouri. The buttons handed out at his headquarters are a full three inches in diameter. Runner-up: Sen. Lyndon B. Johnson at 2 1/4. Also ran: Stevenson at 1 1/2; Kennedy a surprising 1/2. However, the Kennedy campaign shows no penny-pinching in other matters.

The pickets had an active day. A dozen showed up in front of the Biltmore to protest capital punishment — "Let Chessman not have died in vain." The placards were directed at California's Gov. Edmund G. Brown, who is nowhere around.

Amid all the political signs is one oddity in the Biltmore lobby: A banner for the Chicago Cubs. What are they running for? To get out of the cellar of the National League. They are also staying at the Biltmore.

JUMP IS FAKED AT CONVENTION

LOS ANGELES (AP) — As if things weren't already hectic enough at the Biltmore Hotel — headquarters for the Democratic National Convention — there, on the 14th floor, was a man threatening to jump.

Handshaking, backslapping and buttonholing ceased on the crowded sidewalk Thursday, and hundreds—including many delegates—watched as police and newsmen tried to persuade Lee Rhodes, 34, a beauty salon operator, not to jump.

After 50 minutes, newsmen gave Rhodes a good reason why he shouldn't: They agreed to print his story. (The state is revoking his cosmetology license on what he claims is a false charge.) Down he came.

"I had to get somebody to notice our situation," said Rhodes, a Los Angeles man. He did—but briefly. The shaking of hands and slapping of backs resumed as police led him away to a receiving hospital for observation.

Guard Against Counterfeiters

LOS ANGELES (AP) — Democratic convention managers are taking elaborate precautions to prevent counterfeiting of credentials to next week's nominating sessions.

J. Leonard Reinsch, executive director of the convention, outlined the security plans today and acknowledged that part of the program involves a last minute distribution of badges and tickets—to give counterfeiters less time to practice their art.

At the 1952 Democratic convention, realistic-looking ribbon badges were hawked on the streets outside Chicago's International Amphitheater. The result was a traffic jam on the convention floor.

Security measures were tightened in 1956 and have been made more elaborate this year.

TOKYO (AP)—The U.S. 5th Air Force Thursday described as "incomplete and inconclusive" information which two Air Force officers contend proves the Japanese executed Amelia Earhart and her navigator on Saipan in 1937.

MORMON GIRL IS SELECTED AS MISS USA

By F.T. MACFEELEY
MIAMI BEACH, Fla. (AP) — A raven-haired beauty reigns as Miss USA and matches her perfect figure and charm against 42 girls from all over the world to-night in semifinals for the Miss Universe title.

Linda Bement, an 18-year-old Mormon girl from Salt Lake City, Utah, Thursday night won out over 42 American contenders for Miss USA.

"She has been grooming herself since she was 13," beamed her parents, Mr. and Mrs. Charles A. Bement.

Proud Parents
"I wanted to make my parents proud," countered Linda. "They were the instigators of this."

Just a month out of high school and an only child, Linda was one of the youngest girls competing. But her poise, her gorgeous face and figure captured the fancy of the judges as it did a crowd of 6,000 spectators in Miami Beach Convention Hall.

The crowd gave her the biggest applause of any of the 15 semifinalists — and again of the five finalists as the field was narrowed.

Swimsuit Standout
She stood above the others in the evening gown judging, wearing a Grecian goddess style white gown, slit up the front to the knee. And she was a standout in the bathing suit judging with her figure measuring 37 bust, 23 waist and 36 hips.

Her self-styled black hair was striking in a hairdo she described as sort of a French twist.

New York's entry, Mary Rodites of Port Jefferson, was named first runner-up.

In order, behind her came, Margaret Jo Gordon of Birmingham, Ala.; Lyndia Ann Tarlton of Wintake, N. C.; and Nancy Wakefield of Winter Haven, Fla.

PHILLY BLAST AT OIL PLANT KILLS 3 MEN

PHILADELPHIA (AP)—A double explosion rocked the South Philadelphia waterfront Thursday, killing three workers at an oil and solvent processing plant and generating a four-alarm fire.

The first explosion hurled a seven-ton tank filled with paint-base soybean oil in a huge ball of fire 100 feet across a road and some railroad tracks.

It was followed quickly by a second blast and then fire with heat so intense that about a dozen cars parked outside sagged to the ground with tires burned and frames melted.

Victims Listed
The victims were Sydney Dawson, 42; Ernest Jackson, 48, and Fred DeWitte, 43. They were employees of Cargill, Inc.

Cause of the explosion was not immediately determined.

Firemen waged a constant battle to prevent flames from reaching nearby storage tanks filled with solvents and paint-making materials. They stood by during the night and trained high-pressure streams of water on the tanks to prevent them from getting too hot.

Deputy Fire Commissioner George E. Hink said that if the explosions had occurred a few minutes earlier, before the wind shifted, "it would have been a major catastrophe."

Several employees were treated at the scene after inhaling acid fumes.

Two fireboats fought the flames from the Delaware River.

A damage estimate was not made.

PENNSY STRIKE MAY BE NEAR

NEW YORK (AP)—A strike of nonoperating employees of the Pennsylvania Railroad has been set to start "at midnight July 25 or some days thereafter."

Michael J. Quill, president of the Transport Workers Union (TWU), said a definite date for a walkout would be announced late today.

Quill, who announced the strike decision Thursday, said he was confident that the brotherhoods of operating employees would refuse to cross TWU picket lines. Conceding that he had no written commitment to this effect, he indicated his belief that the TWU could halt Pennsylvania Railroad operations.

Quill claims his union has 25,000 members in the Pennsylvania system. The railroad sets the TWU's strength at 15,000.

The strike decision, culmination of a dispute more than three years old, was made at a meeting of 70 international officers, local union presidents and other union officers.

The strike threat involves car cleaners, oilers, mechanics, repairmen and other nonoperating employees at stations, shops and yards in 13 eastern and midwestern states and the District of Columbia. They are organized in 46 locals of the TWU.

Fire Knocks Out Police, Fire Radio

HARRISBURG (AP)—The city's police and fire radio communications systems were knocked out by a fire in a transmitting shed in Reservoir Park Wednesday night.

Firemen, summoned by telephone, put out the blaze in an hour but the wood frame structure was destroyed. Some radio equipment was salvaged, however.

Fire Chief Robert M. Houseal said the fire department will have to rely on telephone communications temporarily.

Police immediately set up an alternate radio communications system.

CAPE CANAVERAL, Fla. (AP)—The Polaris submarine missile has encountered trouble at a critical point in its test program, but the Navy is confident the rocket will meet its upcoming submarine launch and operational deadlines.

One of the stubby, 28-foot Polaris went out of control and was destroyed by the range safety officer Thursday seconds after it was fired from a ship steaming about eight miles offshore.

Give McGlaughlin New Chapter Duties

George B. Cleveland, president of the York Chapter, National Association of Accountants, announced at a meeting of the board of directors at the Dutch Club in York, the election of J. E. McGlaughlin as associate director of publicity for the 1960-61 chapter year. McGlaughlin, who is supervisor of accounting at Knouse Foods Co.-op., Inc., Peach Glen, has served the chapter in various capacities for several years.

Chapter members from the Gettysburg-Biglerville-Taneytown area are expected to participate in the annual chapter golf warmup to be held at the Out Door Country Club on July 22. This event is a forerunner of the yearly quadrangular match in which members of the Harrisburg, Lancaster, Reading and York chapters participate. York chapter will be host for the quadrangular, the date of which will be announced by the special activities director, Millard L. Sipling.

Belgians Flee Congo Perils

BRUSSELS, Belgium (AP)—Belgian settlers today were reported fleeing from the new Republic of Congo in droves.

The Belgian Ministry of African Affairs said the Europeans panicked during the night on hearing reports of assaults and rapes of white women after an army mutiny and began a mass flight across the Congo River to Brazzaville, in former French territory.

The Belgian radio reported that Congolese soldiers controlled Leopoldville, capital of the new African nation which Belgium freed last week, but that the soldiers were allowing Belgians to leave unmolested after checking their identity papers.

In an earlier broadcast, the Belgian radio said that the native population was driving all white settlers out of the region around Leopoldville, but the Belgian government's report indicated this was overdone.

A government spokesman, in contact with the Belgian representative in Leopoldville, said just before noon that there was still panic in the Congo capital.

Driver Fined For Faulty Equipment

RALEIGH, N.C. (AP)—Woodrow Philip Williams, 22, of Rt. 2, Garner, N.C., was fined \$35 and costs in City Court Thursday for driving with improper equipment.

An officer said while Williams drove, a passenger sat poised with a can of brake fluid to pour into the master cylinder and provide braking pressure when a stop was necessary.

include a three-digit foreign area code to reach the distant point.

For example, to dial Hagerstown REgent 2-2301, listen for dial tone as usual; dial the direct distance dialing number, for example 1122; dial 301, to reach Maryland area, and dial RE 2-2301. In capsule form, it is: Dial 1122, 301, RE 2-2301. On a call to Florida the routine would be identical except that the foreign area code for Florida is 305.

Direct Distance Dialing is available to all grades of service, except pay stations and there is no operator interruption at any time on a customer dialed call. United Telephone Company's Gettysburg DDD installations, is one of the first with these two features in Pennsylvania and is one of the few such systems in the United States, U.T. officials said.

Gives Explanation
Direct distance dialing is only for station-to-station long distance calls, Caldwell emphasized. Person-to-person, credit card, coin box and station-to-station calls to distant nondialable points will continue to require operator handling. Except for a few nearby points, these calls will be made by dialing zero for the operator.

Temporarily certain nearby points are not currently dialable, such as Chambersburg, Littlestown and York and it will be necessary to dial "9" for the Gettysburg operator.

Explaining the operation of the new system, Manager Caldwell said, "DDD is a fast, new electronic-mechanical system that lets you travel near and far in true magic carpet style at the bidding of your index fingertip."

Your DDD number (for example 1125) accesses an electronic recorder and identifies the calling telephone. This is the equivalent of dialing zero and giving your own number to the operator when making a call. Although the fourth digit of this DDD number varies from telephone to telephone, the first part of the number is the universal DDD access code. After the DDD number has been dialed, you dial the two-letter five-digit number of the called telephone, if it is within the home area. The two letters and first digit route the call to the exchange being called and the final four digits pinpoint the exact telephone dialed. When a call goes beyond the home area, the three-digit foreign area code, which is inserted immediately following the DDD number, routes the call to the foreign area.

Printed On Tape
By means of magnetic tape, the electronic recorder automatically registers the called and calling numbers, time of day the connection is established and disconnected. The data thus assembled is then punched into a paper tape, which, when run through a special computer, automatically figures the charges for the call, taking into account whether the day, evening or Sunday rate applies. The customer's toll statement is then automatically printed, giving complete details of each call.

When the called line is busy or if the called telephone does not answer, the initial information, which has been registered, is cancelled out and no charge is made.

Telephone users who inadvertently dial incorrectly should hang-up immediately if they realize an error has been made. If an error is made and not noticed until the called number answers, the calling party should, after ascertaining the city and number reached, dial the operator and give her this information so the misdialed call is not billed.

To avoid dialing errors, it is best to have a record of the number being called including the foreign area code when it applies. If it is desired to make a DDD call and the caller does not have the number, the procedure is to dial the operator and ask for information in the city to be called. After getting the number, the caller should hang-up for a few seconds, lift the receiver, listen for dial tone and proceed as outlined above.

The telephone company district manager pointed out that there are no changes in local telephone numbers, local calling procedures or rates.

and Allison prints of the Civil War battles—would like to have all 36 in a publication it plans.

Today's Talk

CARRY ON!

There are times with us all, when we feel we just can't go on a foot further. Then is the time for decisions. If we start by adding our blessings we get a fine start. There are those all around us who are worse off than we are ourselves, if we only knew. Banking courage is like banking money—even at that it brings a greater enrichment.

You can't buy happiness. It has to be earned, and you earn it by distributing it. To the discouraged I would say: Carry on. Arm yourself with patience. Look to the dawn, and its superb promises. Carry on—and on. Every football may become the echo of hope—just a breath's foot ahead. Don't turn back. Learn from the past, but do not allow it to keep tripping you up!

Carry on, and do so with zest and gladness. The dark days only "make a call." What we want most in life is something to even out our courage, and keep us on the right path, never doubting, never losing each opportunity to improve our spot in life. To carry on means that you must be brave. The great of this earth have made carrying on their guiding star.

Tomorrow Mr. Adams will talk on the subject: "Hunting and Finding."

Just Folks

MY LITTLE BOY

My little boy is a roguish tyke,
A mischievous tyke is he;
Up to trick that we do not like,
But his smile is a joy to see.
And often my little boy is bad,
And I scold in a churlish way;
But I cannot punish the naughty lad,
Though I threaten him every day.

My little boy is a bad boy, too,
But his smile is a joy to see;
He breaks his toys and asks for new,
And runs to his mother's knee.
And my little boy is sent to bed
Where in disgrace he lies;
But I cannot punish that curly head,
Nor punish those laughing eyes.

Ah! my little boy, as you old
You may have a bad boy, too;
And maybe then you will come to know
Why I am afraid of you.
You'll know why I am afraid to whip
When I come to your little bed;
You'll know the joy of a laughing lip
And the loss of a curly head.

REPUBLICANS
IN PA. RISK
SENATE SEAT

By HARRY W. BALL

FARRISBURG (AP)—In picking their candidate for Congress in the 18th District, Republicans exposed another front for Democrats to shoot at in November.

That would be the 36th District seat in the closely divided State Senate which J. Irving Whalley of Windber said he would relinquish to make the race for Congress.

A single seat in the State Senate might not rate high as political evaluations normally go, but control of that body is the biggest state prize of all in the 1960 elections.

Historically, Republicans have reason to feel confident in putting the 36th Senate seat on the election block. They have held it for at least 30 years.

Three-County District
As yet, no vacancy actually exists in the 36th District. When and if it develops, nominees would be chosen according to the respective party rules. The mechanics on the Republican side provide that conferees from the district's three counties get together and agree on a candidate, just as conferees of eight counties met and nominated Whalley for Congress in the 18th Congressional District. The Democratic State Senate nominee

would be chosen by the State Executive Committee.

The 36th District consists of three counties — Fulton, a small rural Democratic County with a Democratic representative in the House; Bedford, a small Republican County; and Somerset, largest county in the district, with two Republican members in the House.

The present State Senate is composed of 27 Republicans and 22 Democrats, with one vacancy, the seat of the late Republican Douglass H. Elliott who won the 18th District vacancy in Congress at the April 26 primary election. Elliott took his own life after serving in office less than two months. The Elliott vacancy in the State Senate was not filled because his term had only the balance of this year to run.

Thin Margin

Exactly half of the 50-member State Senate goes before the electorate this fall. Of the 25 seats

at stake, 16 are held by Republicans and nine by Democrats.

The expected resignation of Whalley, whose term has two more years to run, would throw still another Republican seat into the pot for decision of the voters on Nov. 8.

The margin is so thin that Democrats need only to pick up three additional seats for a 25-25 split. That would give Democratic Lt. Gov. John Morgan Davis the deciding vote.

Entomologists estimate that if all forms of insects could be counted, they would total from 2 million to 10 million.

WALKOUT ENDS
RAIL MEETING

CHICAGO (AP)—The first meeting in recent years between the railroads and four operating unions of the controversial question of work rules has accomplished nothing.

After years of wrangling over what the railroads call feather-bedding, the two parties met for

just 65 minutes Wednesday. They walked away from the meeting table as far apart as ever. No date was set for another meeting.

The unions suggested a special commission he established to check not only work rules but the entire wage structure of the industry as well.

The railroad representatives

agreed but only if the labor leaders would accept the commission's conclusions as binding.

The union men refused. Half of all automobiles in the United States are concentrated in eight states — California, New York, Pennsylvania, Ohio, Texas, Illinois, Michigan and New Jersey.

Billy Pierce Beats Indians For 5th Straight; Yankees And Tigers Chalk Victories

By ED WILKS

Associated Press Sports Writer

It's getting so everyone apparently has forgotten Billy Pierce except the Cleveland Indians, who wish they could.

The Chicago White Sox southpaw was overlooked as a starting pitcher in last fall's World Series and passed over by his own manager, Al Lopez, when the American League's All-Star staff was named. But he's been a one-man roadblock to Indian pennant hopes.

He beat the second place Indians for the fifth straight time in a 9-3 decision Thursday night that gave the White Sox a sweep of a two-game series at Cleveland.

Yanks Beats Birds

This one dropped Cleveland three games behind the first place New York Yankees who beat the Orioles 6-3.

Detroit defeated Kansas City 6-3, and Washington split a two-night pair at Boston. The Senators won 6-5, then lost 4-2.

Pierce (7-4) gave up seven hits, one a homer by Jim Piersall, while winning his fourth decision in the last six.

A two-run seventh inning, triggered by Cleve Boyer's homer and capped by Tony Kubek's sacrifice fly, brought the Yankees from behind against loser Milt Pappas (7-6). Winner Duke Maas (1-1) and Bobby Shantz shut out the Birds on four hits over the last five innings in relief of Bob Turley.

Four In Row For Senators

The Tigers scored five in the third inning climaxed by Eddie Yost's two-run single, and sent Don Larsen (0-5) to his 11th straight loss. Left-hander Don Mossi (6-6) was the winner.

The Senators made it four in a row in the opener in a two-run seventh. Camilo Pascual (8-5) won it. Frank Sullivan (3-10) was the loser.

Jimmy Foxx Looks For Compensation

GALESBURG, Ill. (AP) — Jimmy Foxx, member of Baseball's Hall of Fame who batted .364 and hit 58 homers in his peak year of 1932 with the old Philadelphia A's, has applied for Illinois unemployment compensation.

Old "double X," who reputedly earned \$250,000 during his 22 years in the major leagues and lost much of it in what he has said were "bad investments," applied for compensation Thursday which could bring him \$35 a week for a maximum of 26 weeks.

EMMITSBURG LITTLE LEAGUE

The Cards moved into second place in Emmitsburg Little League play by whipping the Giants 14-4 Thursday night as Johnny Sherwin spun a neat four-hitter and had fine support from his mates both in the field and at the plate. The loss dropped the Giants into the cellar.

UPPER ADAMS PONY LEAGUE

George Sunbury, Phillies' catcher, batted in seven runs to lead his team to an easy 18-1 victory over the Braves at Biglerville Thursday evening.

Sunbury ramed a three-run homer in the fifth inning and in the same frame doubled home three more runs. On his second hit he missed touching third base on an apparent home run and received credit for only a double.

Richard Cover prevented Owen Taylor from hanging up a no-hitter when he doubled in the third inning and eventually scored on an error.

Score by innings:
Braves 001 000-1-1-2
Phillies 261 09x-18-14-6

KANSAS CITY IS SITE FOR BIG GAME MONDAY

By FRANK CRAWFORD
Associated Press Sports Writer

KANSAS CITY, Mo. (AP)—This city will play host next Monday to baseball's All-Star game amid a growing battle to keep its place in the big leagues.

The first of baseball's big two-game show will be played in a stadium where Kansas City's fan-dom has proved its mettle by pouring through the turnstiles 5,000,000 strong watching the Athletics in the five full seasons since the club was brought here in 1955 from Philadelphia. (A repeat performance is scheduled for New York two days later.)

Now, since the death of majority stockholder Arnold Johnson of Chicago last March, the club will be sold to the highest bidder. Whether the Athletics, currently floundering in seventh place in the American League, remain here depends on whether the successful purchaser is a Kansas City syndicate or one outside the city, like Johnson's, willing to operate it here in Municipal Stadium.

A's Daley May Start

This will be the backdrop Monday when the National League's Willie Mays steps to the plate to face the American League hurler, perhaps Kansas City's own Bud Daley, a southpaw who has won 12 games and might conceivably win another before Monday.

The stadium's slightly less than 31,000 grandstand seats all will be filled. There are no bleachers in the park.

The playing field, which the players say is the best in the American League, is somewhat confining in the left field and left center areas where a medium power drive can clear the 20-foot fence for a home run.

Kansas Citizens for the most part are optimistic that they can keep the Athletics here and eventually see a club that will play in another big baseball show—the World Series. They already have pledged \$20,000 toward the purchase of the A's. There are plenty more small investors who will swell that amount in bidding against interests in Dallas, Houston, Minneapolis and other cities who want to move the club.

Pick-six Bonanza Attracts Crowds

CHARLES TOWN, W. Va. — Shenandoah Downs goes into its first weekend of its summer meeting tonight, with the pick-six bonanza apparently helping to get it off to the biggest meeting since opening for business last year.

The pool, which has resulted in eight four-figure payoffs in three nights, attracted 4,821 fans last night for the biggest Thursday since Shenandoah Downs opened.

The pool itself was the largest of the three at \$10,452, but the big bonanza was split five ways with each winner collecting \$1,258.40 for picking five correct winners.

General Manager Bob Leavitt is looking for a \$20,000 pool on Saturday night, with the handle possibly reaching \$15,000 this evening.

Racing Secretary James A. Picarillo has lined up six routes of the \$3,000 variety to contest the Liberty Bell Purse, feature of tonight's program.

Mrs. Pauline Buchanan's China Quest, top-weighted at 121 pounds, appears to have the edge on the other three-year-olds in the Liberty Bell.

INGLEWOOD, Calif. (AP) — New Policy and T. V. Lark rate as the one-two choice today as a field of nine shaped up for the \$100,000 added Hollywood Derby Saturday.

Candidates deemed likely to be entered were Nagea, Prince Blessed, Henrijan, Tempstuous, Blank Check, First Balcony, Top Caliber, New Policy and T. V. Lark.

WARREN, Ohio (AP) — Two dark horse blondes, neither among the top 15 money winners, held a one-stroke edge today as the \$16,000 Trumbull Women's Open Golf Tourney went into its second round.

Bonnie Randolph of Naples, Fla., and Gloria Fecht of Southern Pines, S.C., scored two-under-par 71s Thursday to move out front.

SYRACUSE, N.Y. (AP) — California, Navy's varsity and a Syracuse shell wore victory hats into the semifinals of the Olympic rowing trials today. But any one of a half dozen other eight-oared crews could well make the jump to Rome.

Rousing finishes in three preliminary heats on Onondaga Lake Thursday left little doubt this country has a bevy of well-matched eights, if not one that is outstanding.

EUGENE, Ore. (AP) — It may take a record performance for the United States to regain prestige in the decathlon this weekend.

There are 26 U.S. athletes entered in the annual AAU decathlon meet, which also serves as the U.S. Olympic Games trials. There also is one foreigner, and the foreigner might very well make off with it for the second consecutive year.

PHILADELPHIA (AP) — The first-place Pittsburgh Pirates, riding a four-game winning streak on the hot bat of Bob Skinner which has shot them 5 1/2 games in front, open a four-game series against Philadelphia in a two-night doubleheader tonight.

The Pirates will send Bob Friend (9-5) and Joe Gibbon (4-2) against Johnny Buzhardt (4-5) and Dallas Green (1-2). The two clubs will play single games Saturday and Sunday.

TORONTO (AP)—Art Wall Jr., a machine-like professional from Pocono Manor, Pa., was the man to watch today as a reduced field headed into the third round of the \$27,000 Canadian Open Golf Championship.

Wall fired a five-under-par 67 Thursday to seize the lead at the halfway mark in the 72-hole tournament with a 36-hole 133.

PATTERSON IS TOP RATED BY RING MAGAZINE

NEW YORK (AP) — To nobody's surprise, Floyd Patterson was named "fighter of the month" by Ring Magazine in its semimonthly ratings announced today.

The heavyweight champion's unparalleled feat of regaining the title made him a natural for the nomination. Ingemar Johansson, dethroned by Patterson, was dropped to the No. 4 spot among the challengers, with Sonny Liston in the No. 1 spot. Zora Folley second and Eddie Machen third.

Carl (Bobo) Olson of Portland, Ore., former middleweight champion, moved into the top 10 in the light heavyweight ranks by upsetting Mike Holt of South Africa. Bobo is ranked No. 7, and Holt dropped from third to sixth.

Willie Pastrano of Miami went from No. 8 to No. 4, and Chic Calderwood of Scotland from No. 4 to No. 3.

Fullmer Tops
NBA World Champion Gene Fullmer of West Jordan, Utah, still is rated the No. 1 challenger in the middleweight class as a result of his second decisive victory over Carmon Basilio. Paul Pender of Brookline, Mass., is recognized by Ring as the titleholder. Pender is recognized by New York, Massachusetts and the European federation.

Terry Downes of England, who looms as the next opponent of Pender, is ranked 10th in the middleweight class, replacing Tiger Jones.

Benny Paret took over the welterweight crown through his victory over Don Jordan, the defeat dropping Jordan to third place behind challengers Luis Rodriguez of Cuba and Frederico Thompson of Argentina.

FAIRFIELD LIONS LEAGUE

Cashtown of the Fairfield Lions League added an unusual victory to its win column in a game at Orrtanna, Thursday evening. After three and a half completed innings, Cashtown held a one-sided 12-2 decision. In the bottom of the fourth Orrtanna found its roster short several players who left the game to attend a Scout meeting.

Since the home team did not complete its half of fourth frame to make it an official game and did not have enough players to continue, Cashtown receives credit for winning the contest via a forfeit.

Memorial Day officially began in 1863.

Pirates, Braves, Dodgers Win; Giants Bow To Cards In Hard-fought NL Race

By ED WILKS
Associated Press Sports Writer

The Los Angeles Dodgers have begun to look like world champions again, but they still have a long way to go to catch Pittsburgh's Pirates in the National League race.

The Dodgers, who trail by 8 1/2 games, moved within a half-game of third place San Francisco by whipping Chicago's Cubs 7-1 Thursday night for their ninth victory in 11 games.

But the Pirates put away their fourth consecutive success when Bob Skinner cracked a two-out, two-on double in the ninth inning that beat Cincinnati 3-2. It was Pittsburgh's 11th last-inning victory.

Braves Beat Phils

It also retained their 5 1/2-game spread over Milwaukee's second place Braves, who defeated Philadelphia 2-0 as Hank Aaron backed Warren Spahn's five-hitter with a home run and sacrifice fly. St. Louis rapped San Francisco 7-3.

Right-hander Don Drysdale now has won his last two starts for a 6-10 record. He allowed eight hits and walked four, but struck out eight and blanked the Cubs after George Altman hit his third home run.

The Pirates trailed 2-1 with two out and no one on base in the ninth.

The Lancaster Red Roses finally caught up with Springfield ace Corky Johnson by scoring quickly then hanging on.

The Red Roses put together four straight hits in the first inning Thursday night for three runs to defeat the Giants 3-2 and hand Johnson his second loss against 12 victories.

After the first inning Johnson gave up only one more hit the rest of the game as he struck out nine. Joe Zaha pitched a six-hitter to pick up his seventh victory in 16 decisions.

The loss dropped the second-place Giants 2 1/2 games behind league-leading Williamsport which pulled another one-run victory out of the fire, defeating Reading 6-5.

In the only other EL game, Allentown snapped a three-game losing streak with a come-from-behind 8-6 victory over Binghamton which dropped the fourth-place Triplets two games behind Lancaster.

Wrong Motive Impairs Many Pious Works

By REV. JOHN H. WITMER

Pastor, Mt. Tabor EUB Charge

"Beware of practicing your piety before men in order to be seen by them; for then you will have no reward from your Father who is in heaven." Matthew 6:1 (RSV)

Why do men practice piety? Why do men perform good deeds? These questions seem to belong to the psychologist in his analysis of men and the workings of their minds. But Jesus is here saying that we must not have the wrong reasons or motives or we shall lose any forthcoming reward from the Father.

Jesus was aiming his preaching at practices which frequently occurred in his time. Many prominent religious men were making a display of their piety by giving alms when the most people were watching and by praying loudest and longest on crowded street corners. In synagogues, they used their own prayers to be more conspicuous instead of following the public prayers.

Had Wrong Motives
Jesus was telling them that all their works were of no avail because they had the wrong motive, "to be seen of men."

Is this why we practice honesty? Is this why we go to church? Merely to be seen of men? Perhaps we have many reasons, but is this one of them? Jesus tells us to give our alms in secret. He tells us to go into our closets and pray in secret. But we protest. Did not He say to let our light shine before men. Yes, He said to allow it to shine before men but not to blind men by glaring it in their eyes by force.

The Expositors Greek Testament advises us to "show when tempted to hide," "hide when tempted to show."

Want Recognition
It isn't easy to be good when no one is looking. If circumstances should arise making it necessary for us to renounce our faith or die, it would be very difficult to be faithful if there were little chance of the world ever recognizing us as a martyr. I doubt if Stephen thought his name would someday be acclaimed the world over. I also wonder how many great saints have been martyred whose names never reached the world.

How different we are sometimes! We like to see our names in the morning paper. It boosts our ego. Some few even commit crime in order that they may receive attention. But Jesus healed and said, "Tell no man."

Or do we do good deeds sometimes in order to add stars to our heavenly crown? Do we wish to sit at the right hand of the King of kings? Peter said "Lo, we have left all and followed thee," wondering in his heart what reward the disciples would get.

Avoid Improper Motives
How can we avoid improper motives? By so filling our lives with the correct motive that there remains no room for any other. As light drives out darkness, so let love drive out all selfish motives and purposes. "Though I bestow all my goods to feed the poor and though I give my body to be burned and have not love, it profiteth me nothing," St. Paul recognized love as the only true motive for doing good. Jesus said that we would not lose our reward for giving a cup of cold water in His name which is the name of love.

What a different story it had been if Judas would have kissed Jesus out of love. But his motive was a consuming greed for 30 pieces of silver and Jesus was betrayed. Motives are the foundations of our actions and only if the spring is pure is the stream clean.

Is love our motive? Or do we work as long as we are chairmen of committees and become inactive when another takes our seat? Do we attend church for social approval or because we love Christ?

God gave His Son to us because He "so loved the world." Jesus came not to be seen of men but to give His life for them.

The greatest reward will come when God says to those who served in love, "Well done thou good and faithful servant."

Perhaps the measure of a man shall not be so much what he has done but why he did what he did. If the fountain or motive of our behavior is love, then the deeds which flow from us must be a blessing to mankind.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

J. Edgar Hoover Blasts Trend Pitying Hardened Criminal, Ignoring Victim

The following statement, which is self-explanatory, is published in the current edition of the Federal Bureau of Investigation Bulletin. It was written by J. Edgar Hoover, director, and follows in full:

We are faced today with one of the most disturbing trends that I have witnessed in my years in law enforcement—an overzealous pity for the criminal and an equivalent disregard for his victim.

This dangerous tendency is inherent in the various theories and systems now being suggested, many of which are aimed at making sweeping changes in our established methods of dealing with the lawless. A continual study of all practices is a necessity, for there is no progress in a static society, but every conceivable angle must be considered before revisions are made.

Turn Prisoners Loose One proposal, which proponents attempt to justify from an economy standpoint, calls for a vast decrease in the number of per-

sons sentenced to prison. Other diverse schemes being proposed, if adopted, would have the effect of virtually opening the doors of our prisons or turning them into little more than restrictive resort hotels. These plans, of course, would remove the threat of the thing most feared by the criminal—punishment for his misdeeds.

A prison official proposes that all jails be converted into hospitals or rehabilitation centers. Inmates are not in prison to be punished but to be treated as sick men, he asserts. With these few words he has adjudged all criminals mentally ill. Do away entirely with definite prison terms, exhorts another individual, who advocates the establishment of an absolute indeterminate sentence system under which a criminal would remain in jail only that length of time he requires to convince a person or group of persons that he is "rehabilitated."

A premium would be placed on acting ability. Still another expounds a reciprocal law through-

out the United States whereby all charges against an individual—no matter for what crime or in what jurisdiction—would be wiped out merely by serving one prison sentence.

Favor "Underdog"

Americans are noted for favoring the "underdog." But all too often we have witnessed a "mad dog" transformed into an "underdog" by certain people who quickly forget or choose to ignore the great suffering by innocent victims of hardened and professional criminals.

It is imperative that every honest effort be made to rehabilitate those individuals who have stayed from lawful ways. But must the American people, and especially the law enforcement officer, continually be forced into a type of Russian roulette by a distorted philosophy which places concern for the criminal above the welfare of society and time after time releases men who have demonstrated nothing but contempt for our laws.

Can't Excuse Crime

There can be no law and order in a society which excuses crime on the premise that the perpetrator is "sick." Basic logic demands that a man be held morally and legally responsible for his willful acts.

When a hardened criminal un-

KENNEDY WILL LACK BALLOTS ON 1ST ROUND

By JACK BELL

LOS ANGELES (AP)—Supporters of Sen. John F. Kennedy of Massachusetts apparently failed Thursday in an attempt to corral California's vital 81 votes on the first Democratic presidential ballot.

Gov. Edmund G. Brown reportedly still was holding out against what was described as terrific pressure exerted by the Kennedy forces. They have been trying to persuade Brown to give up his favorite son status in favor of Kennedy on the first countdown of the convention opening Monday.

One top Kennedy strategist de-

wisely is granted leniency, the very lives of countless unwary citizens who by chance come in contact with him are placed in jeopardy. As part of its overall responsibility to protect the public, law enforcement must take a strong stand against perverse pity for criminals and its resulting dangers.

scribed the governor as leaning toward announcing for Kennedy on one day and reluctant on the next. This strategist concluded, with a measure of resignation, that Brown probably will withhold the state's votes from the Massachusetts senator on the initial ballot.

Snags Steamroller

This could be a major blow to Kennedy's hopes of steamrolling what promises to be a rip-roaring meeting of Democrats who sharpen their knives for the Republicans by practicing on their fellow party members.

William A. Munnell, Los Angeles attorney who is chairman of the California State Central Committee, told a reporter he has been in close touch with the governor and: "I think he'll take his first ballot vote."

Asked about published reports that Brown already had passed the word that he would release the California delegation prior to the start of the convention, Munnell said: "No, I haven't heard that."

Stevenson Support

As an indication that Brown finds something less than harmony within his spreadeagled delegation, Lt. Gov. Glenn M. Anderson announced his support of Adlai E. Stevenson.

It was regarded as significant, however, that Anderson said he was making his announcement because "it is apparent that the California delegation will be released from its favorite son commitment at a very early stage of the convention."

It was no secret that the hopes of those opposing Kennedy for the nomination rested precariously on the belief that Brown and Gov. David L. Lawrence of Pennsylvania would hold out against a parade of their delegates to Kennedy on what could be the all-important first roll call.

Johnson Fights

Although backers of Senate Democratic Leader Lyndon B. Johnson of Texas were fighting against any such slide, the word from them was that they would not seek any rules change which would prevent switches of state support at the end of the initial tally.

John B. Connally, executive director of the Johnson Citizens Committee, said this matter hadn't even been discussed when Gov. LeRoy Collins of Florida, the convention's permanent chairman, called on him.

Collins is inclined to let states change their allegiance, but he has indicated he will bend over backward to prevent this from becoming a bandwagon movement for any particular candidate.

Williams Picks Kennedy

Nevertheless, Gov. G. Mennen Williams of Michigan, arriving for the convention, predicted it will be Kennedy on the first ballot. Once a favorite son, Williams has come out publicly for the Massachusetts senator. He estimated that Kennedy will get 45 or

MEYNER WON'T SHUN OFFICE IF SELECTED

TRENTON, N. J. (AP)—Gov. Robert B. Meyner said Thursday he has some support from outside New Jersey for the Democrats' national ticket.

He would not say how much or where the support came from. Meyner was asked at his regular bi-weekly news conference if he has contacted any out of state political leaders in the past few days. He said he had.

Some Support

Asked if he got any new expressions of support, he said, "Yes." He would not amplify his remarks. On Tuesday, he had refused to answer similar questions.

Meyner said some people have told him, "Why shouldn't you be considered as a serious contender?"

On Tuesday, Meyner, in a similar paraphrase, used the words "serious favorite son."

Remote Possibility

The governor has said he is not an active candidate but that he would not shun higher office, which he interpreted to mean either the presidency or vice presidency.

Meyner has been considered at best a remote possibility for the Democratic national ticket and many on the New Jersey delegation he heads have urged an immediate endorsement of Sen. John F. Kennedy (D-Mass.). But he has stuck to previous plans calling for a first ballot vote for him as a favorite son.

The governor left for the convention this morning on a jet airplane dubbed "The Meyner Liner." He said he will spend a few days at the Aspen, Colorado, home of his wife's parents, after the convention.

Wilbur and Orville Wright, who built the first successful airplane, earned their first pocket money by making kites for boyhood pals.

46 of Michigan's 51 votes on the initial tally.

On the other hand, backers of Gov. Robert B. Meyner of New Jersey went to the trouble of opening campaign headquarters for their favorite son candidate.

The Massachusetts senator has been looking with covetous eyes towards New Jersey's 41 votes. But intrastate rivalries among party members were credited with making Meyner adamant that Kennedy will have to do his early shopping elsewhere.

Toy Pistol Bandit Nabbed By Police

WAYNE, N. J. (AP)—A bank robbery suspect apprehended five minutes after \$780 was taken from a branch office of the First National Bank of Passaic County has admitted the theft.

Walter W. Logan, 43, of Broad Top, Pa., Wednesday admitted robbing the bank, police said.

Logan was caught when a yellow and white car answering the description broadcast on a police radio was stopped two miles from the bank. He was found with the money and a toy pistol used in the stickup.

Logan is being held for questioning.

BONBON BANDIT

NEW YORK (AP)—Police say Gerald P. Zarkin, 24, nabbed Wednesday had admitted robbing 30 candy stores in the past two months. Police had coined the tag "Bonbon Bandit" to describe the man they were looking for.

DEATH SENTENCE

SEOUL, South Korea (AP)—The Seoul District Court Thursday sentenced two former national policemen to death for shooting at student demonstrators during the uprising that overthrew Syngman Rhee's regime.

APPEAL COURT OK'S VERDICT

WASHINGTON (AP)—The U.S. Court of Appeals has affirmed the contempt of Congress conviction of Alden Whitman, a copy-reader on the New York Times, who refused to identify onetime fellow Communists for the Senate Internal Security subcommittee.

Whitman appeared before the subcommittee in January 1956.

He acknowledged he had been a member of the party from about 1935 to about 1948, prior to his employment on the New York Times.

In refusing to identify others who had been members of the party, Whitman contended his private affairs, beliefs and associations were not proper subjects for investigation by the subcommittee.

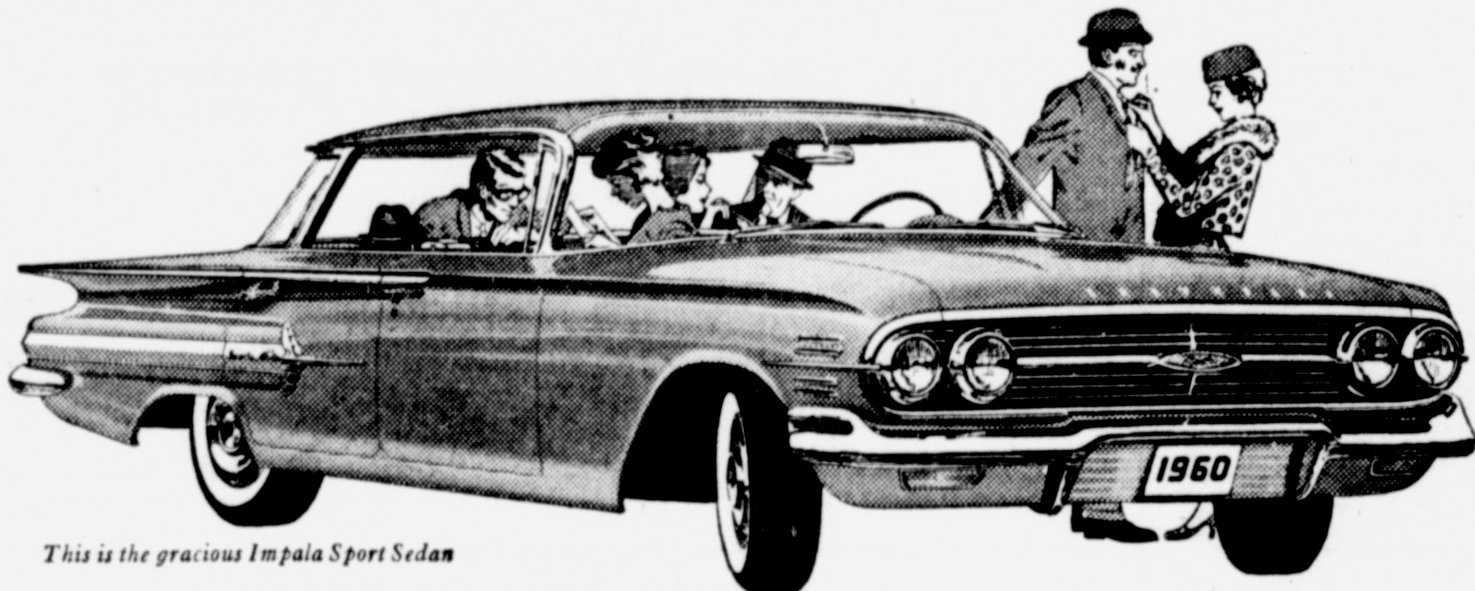

Whitman was convicted in U.S. District Court and received a suspended sentence of six months in jail and a fine of \$500.

U.S. Considers New Moves To Meet Castro's Policies

By JOHN M. HIGHTOWER
WASHINGTON (AP) — The United States is considering new moves against the Castro government of Cuba to follow up the costly cutbacks ordered by President Eisenhower in Cuban sugar sales to this country.

Eisenhower decreed late Wednesday a reduction of 700,000 tons in the Cuban sugar quota, thereby almost eliminating it for the rest of this year. The estimated loss to Cuba in U.S. sugar subsidy is around 35 million dollars.

Actually, sugar authorities said, the cut amounts to 856,000 tons, because the law under which Eisenhower acted also takes from Cuba a 156,000-ton extra quota Cuba would have gotten under the old law.

Will Buy Elsewhere

Secretary of Agriculture Ezra Taft Benson was ordered to buy sugar from other sources to make up the deficit. Officials said there are now ample supplies of raw sugar available for purchase, especially in Brazil and the Philippines, and neither a shortage nor an increase in price here is expected.

Eisenhower said the government of Prime Minister Fidel Castro "has embarked upon a deliberate policy of hostility toward

the United States." He declared this made Cuba an unreliable supplier of a major food product especially with Cuba committing "increasing amounts of its sugar crop to trade with the Communist bloc."

While the reason thus stated for his action was primarily economic—that is, the uncertainty of the U.S. sugar supply from Cuba—the effect of reducing the sales quota is the same as if the action had been taken for political reasons.

Avoids Sanction

The significance of the stated cause is that to take such action for a political purpose would constitute an economic sanction which by treaty the United States can take only upon agreement with other American countries.

Such sanctions, however, are now considered entirely possible assuming that, as authorities here expect, Castro continues to follow a course of increasing hostility toward neighboring states.

New moves under consideration at the State Department include:

1. A request to other Latin American countries for concerted action against Castro, perhaps through a meeting of foreign ministers of the Organization of American States.
2. A further slash in future Cu-

OFFER CIVIL RIGHTS PLANK TO DEMOCRATS

By OVID A. MARTIN

LOS ANGELES (AP) — Advocates of a bolder federal approach to civil rights have proposed a plank certain to draw bitter opposition of Southerners on the

Democratic convention platform committee.

Thirty related organizations—banded together as the Leadership Conference on Civil Rights—joined hands to lay the explosive issue before the party platform drafters.

The plank called for strong action by the federal government to guarantee equality to all Americans in voting, education, employment, housing and other areas.

Two Will Fight
Two Southern senator members of the committee—Sam J. Ervin Jr. of North Carolina and Spessard L. Holland of Florida—declared their intention to battle against broadened federal activity in this field.

The recent outcropping of sit-in strikes at lunch counters was injected into the committee proceedings by the civil rights group and by a Southern Negro lawyer,

the Rev. Martin Luther King.

The leadership conference declared these strikes—which it said have been engaged in by Negroes and whites alike—have given the nation a sharp reminder that the pace toward equality has been too slow.

May Dust Off Old Plank
Efforts were being made behind the scenes to head off a battle within the committee—and possibly the convention itself—over the issue that has plagued recent Democratic conventions.

Carl Rice, veteran Kansas Democratic leader and platform committee member, suggested that the party's 1956 civil rights plank be dusted off and revised in the light of recent developments. He said it should carry a promise that a new Democratic president would provide more positive leadership in this field than he said has been shown by President Eisenhower.

The 1956 plank pledged the party to continuation of efforts to eradicate racial discrimination in all sections of the country, but rejected proposals for use of federal force to bring this about.

Would Please All
Rep. Chester Bowles of Connecticut, platform chairman, said he probably would undertake drafting of a plank designed to placate both sides, insofar as that is possible. He has indicated, however, anything he writes would be more sweeping proposals.

POLICE LABOR TO STAMP OUT CONGO RIOTING

By LYNN HEINZLERING

LEOPOLDVILLE, Congo (AP) — Violence spread in this newly born African nation Thursday despite appeals from its leaders for unity.

The latest outbreak was at Stanleyville, where inmates of the local jail smashed down the doors and ran through the city shouting "freedom, independence."

Police and military forces were called out to maintain order in the city, just below scenic Stanley Falls 775 miles northeast of the capital.

The new outbreak came as Prime Minister Patrice Lumumba and President Joseph Kasavubu sought to straighten out difficulties at Thysville, where mutinous Negro soldiers have held their white Belgian officers captive since Tuesday night.

The situation at Thysville, 75 miles southwest of Leopoldville, was described as quiet. But there was no word on what would be done to satisfy demands of the soldiers, who want the white officers replaced by Congolese.

They also demand more pay. Lumumba forced the resignation of Lt. Gen. Emile Janssens, commander on the 25,000-man Congo army, known as the "Force Publique."

Leopoldville, scene of a demonstration Wednesday by several

hundred mutineers, was quiet.

The mutiny sent a further wave of apprehension through the thousands of Belgians still living in their former colony which became an independent nation last week.

LAW GRADUATE IS HELD FOR GIRL'S MURDER

KOWALIGA, Ala. (AP)—A law school graduate who three times flunked his bar exam was held without bail today for the ghostly rifle slaying of Barbara King. He swore "before God" that he is innocent.

John Wilbanks, 41, who lives with his wife in a lakeside cabin on a \$400 a month inheritance, was arrested late Wednesday on a first degree murder charge in the shooting of Barbara, 9 years old.

The daughter of a Birmingham insurance man fell dead at her father's feet Sunday night at the family's summer cottage on nearby Lake Martin. The top of her head was blown away by the shattering impact of a high powered rifle bullet.

Scorn Methods
Wilbanks spoke scornfully of the scientific crime detection methods which led to his arrest. "Ballistics is not an exact science," he told Sheriff Lester Holley and Circuit Solicitor Glen Curlee when confronted with the result of an autopsy on the girl's body and a laboratory examination of his 8 MM. Mauser rifle. Holley said the investigation gave positive proof that a bullet

Legal Residence Granted To Nuns

WASHINGTON (AP)—A bill to grant legal residence in the United States to five Italian nuns assigned to St. Mary's Institute for the Blind at Lansdale, Pa., was signed Wednesday by President Eisenhower.

The bill was sponsored by Rep. Kathryn E. Granahan (D-Pa.). She said the nuns were born in Italy and arrived in the United States Oct. 27, 1956, on visitor's visas. They were granted extensions to undergo training in the care of the aged and the blind.

The nuns are Religiosa Luigia Frizzo, Religiosa Vittoria Garzoni, Religiosa Maria Ramus, Religiosa Ines Ferrario and Religiosa Roberta Ciccone.

BRITISH HOOFER OWES 5 MILES

NEW YORK (AP)—Why did Dr. Barbara Moore, the British vegetarian, hoof it all the way from San Francisco to New York?

"To prove my theories about eating," the 56-year-old physician found embedded in the King cabin had torn through the back of Barbara's head. And, the sheriff added, ballistic tests showed the bullet was fired from Wilbanks' German-made rifle.

said Wednesday as she limped into crowded Times Square. She had covered the 3,387 miles in 85 days.

Still Five Miles

Actually, she still has five more miles to go. The New Jersey police gave her a lift to the Holland Tunnel so that she could reach New York before dark. She will pace off that distance today in Central Park.

Dr. Moore left San Francisco April 13, a day after two British paratroop sergeants set out on a similar hike. The men—nonvegetarians—made it to New York in 66 days.

"I just want sleep, lots of sleep," said Dr. Moore as she checked into a two-room suite at the Astor hotel.
